MISSOURI PHYSIOLOGICAL SOCIETY
An independent chapter of APS

Quarterly mophys newsletter

mophys would like to welcome **our next President-Elect Kyle McCommis, PhD.**

Kyle is currently an Assistant Professor in the Department of Biochemistry and Molecular Biology at Saint Louis University. The research of his lab focuses on cardiometabolic diseases and how nutritional and pharmacologic interventions affect the dysfunctional metabolic pathways behind these diseases. For more information, check out his [lab webpage](#).

The 2022 annual meeting of the Missouri Physiological Society took place on September 24th and was a great success. Thank you to everyone that participated and contributed to the meeting by sharing their science.

If you have suggestions for next year's meeting, please let us know by sending us a quick [email](#). For pictures from the meeting, [click here](#).

[Upcoming Meetings at a Glance:](#)
